

Legal Analytics® for Trade Secret Litigation

Lex Machina's award-winning *Legal Analytics* platform allows outside counsel and in-house attorneys to predict the behavior of courts, judges, lawyers, law firms, and parties.

Over three quarters of Am Law 100 firms and some of the largest global corporations use *Legal Analytics* to supplement traditional legal research and reasoning with previously unavailable strategic insights that gives them a winning edge.

Now, *Legal Analytics* is available for Trade Secret Litigation in federal courts.

The Winning Edge

Legal Analytics provides data-driven insights and trends in trade secret case timing, resolutions, damages, remedies, and findings. Our case set includes cases alleging misappropriation of trade secret under state law and / or the federal Defend Trade Secrets Act.

Lex Machina helps you answer questions such as:

- How many cases over the past year have damages awarded for trade secret misappropriation? What were the specific amounts?
- How long has it taken to receive a permanent injunction in a particular district for trade secret cases? How does this compare to another district court?
- Which law firms have the most experience representing plaintiffs in trade secret cases in federal court?
- What findings have been made for claims brought under the Defend Trade Secrets Act and how often?
- How many trade secret cases have gone to trial and what is the win/loss rate?

Unique Litigation Data
