Legal Analytics® for Bankruptcy Court Chapter 11 Proceedings

Lex Machina's award-winning Legal Analytics® platform allows outside counsel and in-house attorneys to research and anticipate the behavior of courts, judges, lawyers, law firms, and parties. Over three quarters of Am Law 100 firms and some of the largest global corporations use Legal Analytics to supplement traditional legal research with previously unavailable strategic insights that gives them a winning edge. Now, Legal Analytics is available for all Chapter 11 proceedings in the United States Bankruptcy Courts (the "Chapter 11 Bankruptcy Module").

The Chapter 11 Bankruptcy Module includes the entire docket in a bankruptcy proceeding filed after 2009 in any United States Bankruptcy Court under Chapter 11 of the Bankruptcy Code. It is an important area of law in which transparency and understanding are crucial. Lex Machina's Chapter 11 Bankruptcy Module lets you analyze and derive critical insights on judges, courts, debtors, creditors, creditor committees, and trustees involved in Chapter 11 proceedings. Our case set includes data on plan confirmation status, assets and liabilities, and case termination.
