

Legal Analytics® for San Bernardino County Superior Court

Lex Machina's award-winning Legal Analytics® platform allows outside counsel and in-house attorneys to anticipate the behavior of courts, judges, lawyers, law firms, and parties. Over three quarters of AmLaw100 firms and some of the largest global corporations use Legal Analytics to supplement traditional legal research with previously unavailable strategic insights that gives them a winning edge.

San Bernardino County Superior Court is an important venue for California state litigation, serving over two million people in Southern California. Now, Legal Analytics is available for San Bernardino County Superior Court.

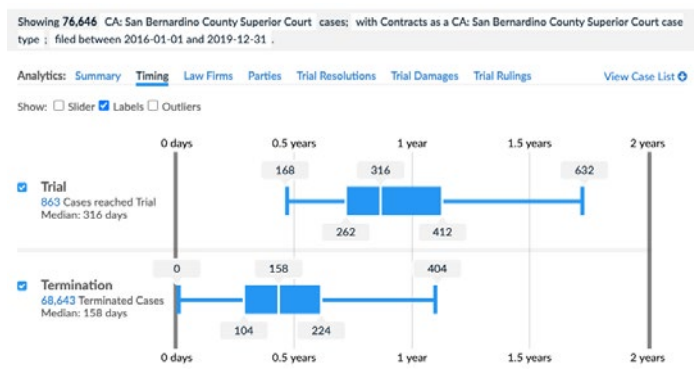

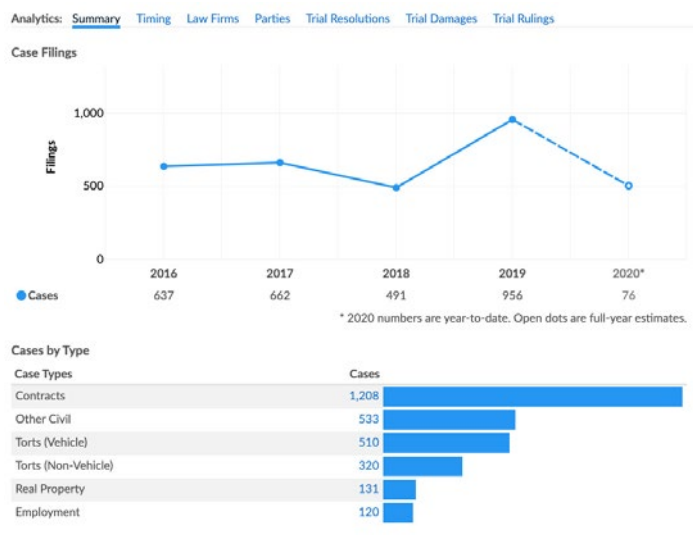

The Winning Edge

Lex Machina gathers raw information from state court cases and the underlying documents, and then uses a unique Natural Language Processing engine to clean, tag, enhance, and present the resulting data in a way that allows users to make data-driven decisions. Lex Machina is the only analytics provider that has both the documents and the technology to ensure that the resulting data is as accurate and complete as possible. Lex Machina also adds high-value trial outcomes data to reveal who won cases and what the damage awards were.

Practitioners can now investigate a party's litigation track record, assess a law firm's experience in similar cases, understand the range of damages awarded at trial, or search docket entry text.

The Legal Analytics platform provides data-driven insights and trends in state court. Features available include:

- Searching by judge, law firm, attorney name, or party
- Timing analytics, trial resolutions, trial damages, and trial rulings
- Keyword searching within docket entry text and documents
- Filtering by court or viewing analytics throughout all state court modules
- Court-specific filters

Lex Machina helps you answer questions such as:

- What is the median time to trial in cases with Judge Pacheco presiding?
- How much experience does the opposing law firm have in this venue? Were any cases taken to trial, and if so, what was the resolution?
- Has an opposing attorney ever appeared in a case before Judge Sachs? If so, were any of the cases complex as defined by CRC 3.4?
- How many Torts (Vehicle) cases have been awarded trial damages by a jury verdict? Which cases are those and what were the damages amounts?

Unique Litigation Data

Lex Machina allows users to filter by the following information in order to find the most relevant cases:
